

The fastest way to find, share and manage content

The RightFind™ content workflow solution from RightsDirect connects your colleagues to the full range of high-value copyrighted information they want. RightFind integrates seamlessly with your RightsDirect Multinational Copyright License to make copyright-compliant collaboration easier and provides valuable insight into what published information matters most to your organization. The result? You save money by maximizing the value of your subscriptions, streamlining your information management operations and accelerating the flow of research.

Features and Benefits

Speed up innovation with faster content access.

RightFind searches across your subscriptions, Open Access sources and internal electronic and print collections to get full-text articles to employees faster. If the article users want isn't in your holdings, they can buy it on the spot through our document delivery service.

View your license rights instantly.

RightFind™ Advisor, included with your RightsDirect Multinational Copyright License, shows exactly how you and your colleagues can share published material.

Make data-driven content decisions.

To help you track spending and content usage, RightFind gives you real-time analytics available at your convenience. See what published material is used most by geographic location, department or individual employee to prioritize future content purchases.

Save money.

RightFind helps you cut back on research time, simplify your compliance program and optimize your company's content investments.

See how RightFind can help you increase efficiency, streamline employee workflow, strengthen your compliance program and save money.
